Greetings, L'Esprit Maintenance Committee,

Work is underway to add an all-important Maintenance subpage to www.ourspiritcommunity.com. In the analogous spirit of cooperation, but not to be confused with the portentous spirits of Oldham County and L'Esprit, I (Ogimaa) welcome your suggested statements and supporting documents.

In particular, I applaud your proclamations that the visual zone is sacred, and that the 4-board black fence is L'Esprit's icon. However, though, as a dedicated L'Esprit tract co-owner and LPOA member, I fear that some good neighbors don't fully embrace your vision. In fact, there are numerous fence sections throughout the development that have, for an extended period of time, looked like crap; respectfully, of course.

Kindest regards,

(Ogimaa) Underwood
Tract 152-1

P.S. – Seriously, Peabody, when is your committee finally going to require that these longstanding downed fence boards, etc. be repaired?
